

Support a Blueprint for More Housing

The League of California Cities is supporting a package of bills to streamline new housing construction, and bills to provide needed funding for affordable housing. Yes, you may list me/my city/organization in support of the following bills (check all that apply):

- I support Senate Bill 540, which would streamline the ability for cities to identify where housing will be built and adopt an up-front specific plan, including conducting all necessary environmental reviews and public engagement at the front-end, thus allowing housing development to proceed in an expedited manner.
- I support Senate Bill 2, which would generate hundreds of millions of dollars each year for affordable housing, emergency shelters and other housing needs, via a \$75 recording fee on specified real estate documents.
- I support Senate Bill 3, which would put a \$3 billion general obligation bond on the November 2018 ballot to fund affordable housing and infill infrastructure projects.
- I support all three bills, Senate Bills 2, 3, and 540, in order to create a comprehensive package of legislation to incentivize and fund affordable housing.**
