

NO ON SB 7 PETITION:

CITY OFFICIALS URGE ASSEMBLY MEMBERS TO CAREFULLY CONSIDER IMPACTS OF SB 7 (STEINBERG)

The ask was quite simple: just carefully consider the profound impacts of this bill:

We the undersigned city officials representing the residents and voters in our communities throughout California, respectfully urge you as members of the Assembly Local Government Committee to seriously examine and consider the issues raised by SB 7 (Steinberg) and its potential impacts on:

- 1) The rulings of California Supreme Court regarding the 100-plus year old doctrine of municipal affairs.
- 2) The financial consequences of cutting off all state grants, loans, tax credits from the affected communities, including an understanding of all the specific projects that will be halted and their community, economic and legal ramifications.
- 3) The damage done to local-state relations, by penalizing local communities, their residents and voters for exercising their lawful and constitutional authority.

We make this request because of the seriousness of the issues involved, and in light of the reality that the Assembly Local Government Committee will be the only committee in the California State legislature with policy jurisdiction on local government issues to consider this matter.

Respectfully,
