The Constitutional Limitations on Regulating the Use of Public Spaces: A Scenario Based Discussion

How can cities effectively prepare in advance of public demonstrations? How can cities respond to protests as they unfold? What legal strategies are available to cities to regulate panhandling, sleeping, or vending in public spaces? Using compelling, real-life and hypothetical scenarios, this webinar will explore the constitutional framework for municipal regulation of public demonstrations and other uses of public spaces.

A question and answer session will be included and a resource paper will be provided to all attendees.

The League of California Cities® is a State Bar of California minimum continuing legal education (MCLE) approved provider. The League certified that this webinar meets the standards for participatory MCLE credit for registered attendees in the amount of 1.5 hours.
