Preface

On February 17, 2009 President Barack Obama signed into law the American Recovery and Reinvestment Act (ARRA) of 2009. The stated purpose of the ARRA is:

- (1) To preserve and create jobs and promote economic recovery.*
- (2) To assist those most impacted by the recession.*
- (3) To provide investments needed to increase economic efficiency by spurring technological advances in science and health.*
- (4) To invest in transportation, environmental protection, and other infrastructure that will provide long-term economic benefits.*
- (5) To stabilize State and local government budgets, in order to minimize and avoid reductions in essential services and counterproductive state and local tax increases.*

The ARRA funds investments in many programs, including health care, energy, infrastructure, education, and public safety. The total cost of the package is \$787 billion, and consists of nearly \$355 billion for upgrades to transportation, infrastructure, construction, health care programs, education and housing assistance, and energy efficiency projects, \$144 billion in state and local fiscal relief, and \$288 billion in personal and business tax credits.

Unprecedented accountability and transparency requirements are also included in the ARRA. To meet these requirements, the government has set up a website (www.recovery.gov) that will list each recipient of funds and project details. A list of all economic recovery websites for each federal executive agency is also available on this site.

California cities have expressed great interest in the ARRA, and the funding it offers. The League of California Cities has compiled this “City Funding Book” to assist cities in their pursuit for funding. There will be regular updates made available on the League’s website at www.cacities.org as more information becomes available.

General Provisions

- Prohibited Uses: No funds can be used for zoo's, aquariums, golf courses, swimming pools, or casinos.
- Buy American Provisions prevail, but can be waived by the heads of federal agencies.
- Federal prevailing wage policy applies.
- Compliance with the National Environmental Policy Act is required.

Accountability and Transparency Provisions

- Grant recipients (Mayor, Governor, General Manager) must certify that infrastructure investments have received the full review and vetting required by law and that the recipient accepts responsibility as an appropriate use of taxpayers dollars. Certification posted on www.recovery.gov and the local website.
- Quarterly reports on the infrastructure investments made, including the purpose, cost, rationale and contact for concerns, detailed information on subcontracts. This information will be posted on www.recovery.gov.
- Recipients must register with the Central Contractor Registration administered by the Office of Management and Budget. Cities can register at www.grants.gov.
- Any federal agency Inspector General can review concerns raised by the public with findings posted on a website.
- New federal agency established to coordinate and conduct oversight of covered funds to prevent fraud, waste and abuse. Will also advise the President on the implementation of the recovery.
- Federal agencies can adjust administrative costs allowed to assist state and local governments with the cost of recovery record keeping and reporting.
- State and local whistleblowers are protected.

Things Cities Should Know

How To Read This Book:

This book is organized by federal agency. Each page begins with the title of a particular program. Each page is organized into the following sections:

- Total Funding Available: This is the total funding of the program. It is important to note that not all funding will be accessible to cities.
- Overview: This is a brief overview of the program.
- Special Factors: This section contains new or modified program requirements and provisions.
- How to Access Funding: This is the section that will explain how cities can receive funding. *This section will most frequently be revised updated versions of this book.*
- Contact Information: Who to contact with questions
- League Staff Contact: The staff person who compiled the information and/or the lead staff person for that issue area.

Registration Information for Federal Government Grants:

The federal government uses a central website for all discretionary grant applications, known as FedConnect. While this website does not always have all the details on every grant, cities will be required to register on this website for funding. Cities can pre-register with FedConnect now. Potential applicants need to obtain a DUNS (Data Universal Numbering System) number. A DUNS number is a unique number that identifies an organization and helps track the distribution of grant money. The web link for submitting applications through FedConnect is:

https://www.fedconnect.net/FedConnect/PublicPages/FedConnect_Ready_Set_Go.pdf.

Before submitting an application through FedConnect each organization must complete the following steps:

- Step 1: Request a DUNS Number at <http://fedgov.dnb.com/webform/displayHomePage.do>
- Step 2: Register with the Central Contractor Registry (CCR) at <http://www.ccr.gov/>.
- Step 3: E-Business Point of Contact must register in FedConnect at <https://www.fedconnect.net/FedConnect/>.

Please allow 21 days to complete the registration process.

How Can I Tell If A Section Has Been Updated?

In updated versions of the book, new or modified information will be highlighted in yellow. In addition, each page will indicate the date on which it was updated.

Community Development Block Grant

Total Funding Available: \$1.0 Billion

Overview: CDBG funds may be used to provide affordable housing, services, and jobs for the most vulnerable in our communities. Generally, appropriations are allocated to states and local jurisdictions. Entitlement communities are comprised of central cities of metropolitan statistical areas; metropolitan cities with populations of at least 50,000; and qualified urban counties with a population of 200,000 or more (excluding the populations of entitlement cities). States distribute CDBG funds to non-entitlement localities not qualified as entitlement communities.

HUD determines the amount of each grant by using a formula comprised of several measures of community need, including the extent of poverty, population, housing overcrowding, age of housing, and population growth lag in relationship to other metropolitan areas.

Not less than 70 percent of CDBG funds must be used for activities that benefit low- and moderate-income persons. In addition, each activity must meet one of the following objectives: benefit low- and moderate-income persons, prevention or elimination of slums or blight, or address community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community for which other funding is not available.

Special Factors: Funds will remain available September 30, 2009. Recipients must give priority to contracts based on bids within 120 days from the date the funds are made available to the recipient. Funds must supplement other funding sources, not supplant. The HUD Secretary will establish requirements to expedite use of funds.

How to Access Funding: Funds will be distributed under the same CDBG formula used in 2008. See 42 U.S.C. § 5301 et seq.)

Last update: 2/18/09

Neighborhood Stabilization Program

Total Funding Available: \$2.0 billion

Overview: The Neighborhood Stabilization Program provides emergency assistance to state and local governments to acquire and redevelop foreclosed properties that might otherwise become sources of abandonment and blight within their communities. The Neighborhood Stabilization Program (NSP) provides grants to purchase foreclosed or abandoned homes and to rehabilitate, resell, or redevelop these homes in order to stabilize neighborhoods and stem the decline of house values of neighboring homes.

The \$2 billion in new funding may be used for the same purposes as provided in the Housing and Economic Recovery Act of 2008 (with some changes), but the funding formula will be competitive, unlike the federal process from HR 3221.

Special Factors: Secretary will ensure grants are made in areas of greatest number and percentages of foreclosures and can meet spending deadlines below. Additional consideration will be given for grantee capacity to execute projects, leveraging potential, concentration of investment to achieve neighborhood stabilization, and other factors at the discretion of the Secretary.

Secretary will obligate all funding within one year. Eligible entities are states, local governments, nonprofit entities, or consortia of nonprofit entities; nonprofits may submit proposals in partnership with for-profit entities. Secretary can establish minimum grant size. Grantees must expend at least 50 percent of funds within 2 years, and all of the funds within 3 years.

There are several other rules that apply to leasing and rights of subsequent property owners after they take interest in a formally foreclosed property.

How to Access Funding: Secretary will publish criteria within 75 days after enactment. All applications due within 150 days of enactment.

Last update: 2/18/09

HOME Investment Partnerships

Total Funding Available: \$2.25 Billion

Overview: HOME provides formula grants to States and localities that communities use-often in partnership with local nonprofit groups-to fund a wide range of activities that build, buy, and rehabilitate affordable housing for rent. This grant provides an additional amount for capital investments in low-income housing tax credit projects.

Special Factors: Funds remain available to HUD until September 30, 2009. Housing credit agencies must commit at least 25 percent of funds within one year of enactment, 75 percent in two years, all funding in three years. Secretary may recapture funds if timelines are not met.

Priority is to be given to projects that are expected to be completed within 3 years of enactment. In addition, projects that were awarded low income housing tax credits under section 42(h) of the Internal Revenue Code in FY 2008, 2009, and 2010 are specifically eligible.

Allocating agencies must award funds competitively pursuant to their QAP to owners of projects who have received or receive simultaneously an LIHTC award. Projects that were awarded allocation in FY2007, FY2008 or FY2009 are also eligible for funding.

How to Access Funding: Funding to state housing credit agencies per formula based on percentage of HOME funds apportioned to the state. State agencies then distribute competitively to project owners per a qualified allocation plan to owners who receive low income tax credits.

Last update: 2/18/09

Public Housing Capital Fund

Total Funding Available: \$4.0 Billion (\$3.0 Billion per formula; \$1 Billion competitive)

Overview: \$3.0 billion to public housing authorities per formula for the Public Housing Capital Fund for capital improvements related to public housing. Money will become available to public housing agencies within 30 days of signing the bill.

In addition, there is another \$1 billion for public housing authorities in competitive grants to public housing authorities for priority capital improvements and rehabilitation. Funding remains available until September 30, 2009.

Special Factors: Grantees must obligate all funding in one year; then spend 60 percent of funds within 2 years and 100 percent of the funds in 3 years. Secretary can recapture funds if timelines are not met. Funds must be used to supplement, not supplant, other funding sources. Priority is given to projects that can award contracts in 120 days.

In the competitive grant program, priority is given to rehabilitation of vacant rental units, projects within 5 year capital improvement plans, and capital projects that can be awarded in 120 days from receipt of funding.

How to Access Funding:

- \$3.0 billion to be distributed to public housing authorities under the same formula used in 2008, except that the Secretary may determine not to allocate funding to “troubled” or to agencies that elect not to accept funding.
- \$1.0 billion competitive will likely be available through application process to be created by HUD

Homelessness Prevention

Total Funding Available: \$1.5 billion

Overview: For homelessness prevention and rapid re-housing activities. Specifically, the funds must be used for short term or medium term rental assistance, housing relocations, and stabilization services (including housing search, mediation, outreach to property owners, credit repair, security or utility deposits, utility payments, rental assistance for a final month at location, moving cost assistance, and case management) for homelessness prevention or re-housing to recently homeless.

Special Factors: Recipients must spend 50 percent of funding within 2 years, and all funding within 3 years. Secretary may establish minimum grant size. Secretary must recapture unspent funds.

Grantees must collect data on the use of the funds awarded and persons served with this assistance in the HUD Homeless Management Information System or comparable database. Up to 5 percent may be used for administrative costs.

How to Access Funding: Per the Emergency Shelter Grant program to grantees under formula authorized by Section 413 of the McKinney-Vento Homeless Assistance Act. Secretary will establish additional requirements as necessary within 30 days of enactment.

Last update: 2/18/09

Assisted Housing Stability and Energy and Green Retrofit Programs

Total Funding Available: \$2.25 billion

Overview: \$2 billion for project based rental assistance (e.g., “Section 8”) for a 12-month period. In addition, \$250 million for grants or loans for energy retrofit and green investments in such assisted housing.

Special Factors: Funds must be expended in two years. Projects funded with grants or loans must comply with federal prevailing wage laws (cited in the bill as subchapter IV of chapter 31 of title 40, United States Code).

Secretary may establish terms to ensure the maintenance and preservation of the property, the continued operation and maintenance of energy efficiency technologies, and timely expenditure of funds. Secretary may also provide incentives to owners to undertake energy or green retrofits as part of such grants or loans, including fees to cover investment oversight and implementation, or to encourage job creation for low-income or very low-income individuals.

Secretary may share in a portion of future property utility savings. Property owner must commit to an additional period of affordability not less than 15 years. Secretary may establish other provisions in implementing the program.

How to Access Funding: Housing assistance per formula, Energy and Green Retrofit per competitive grants and loans under process to be developed by HUD secretary.

Last update: 2/18/09

Economic Development Administration

Total Funding Available: \$150 million

Overview: The funding provision specifically refers to leveraging private investment, stimulating employment, and increasing incomes in economically distressed communities. Generally, the Economic Development Administration (within the Department of Commerce) assists state and local interests design and implement strategies to adjust or bring about change in distressed economic areas. Program focuses on areas that have experienced or are under threat of serious structural damage to the underlying economic base. Aids the long-range economic development of areas with severe unemployment and low family income problems; aids in the development of public facilities and private enterprises to help create new, permanent jobs.

Special Factors: \$50 million set aside for Economic Adjustment Assistance with priority given to areas suffering sudden severe dislocation and job loss due to corporate restructuring. Additional \$50 million set may be transferred to federally authorized regional economic development commissions.

How to Access Funding: Unknown at this time.

Community Development Financial Institutions

Total Funding Available: \$100 million

Overview: According to the website of the Community Development Financial Institutions Fund, Community Development Financial Institutions (CDFIs) and Community Development Entities (CDEs) provide capital, credit and financial services in economically distressed communities. These community-based lenders are used to responsibly deploy resources to support homeowners and businesses.

The legislation appropriates an additional \$100 million, of which \$90 million will apply to the CDFI Program, \$8 million to the Native Initiatives, and \$2 million to administrative expenses.

Special Factors: Secretary of Treasury to submit detailed expenditure plan 60 days after enactment.

How to Access Funding: Not yet determined (subject to discretionary plan).

Lead Paint Removal

Total Funding Available: \$100 million

Overview: Competitive grants to local governments and nonprofit organizations for lead paint removal related to older and low income housing.

Special Factors: Funds to be awarded first to qualified applicants that had applied under the Lead Hazard Reduction Program Notices of Funding Availability for fiscal year 2008 but were not awarded due to funding limitations.

Remaining funds will be added to the Lead Hazard program announced in the 2009 NOFA. Each 2009 applicant shall demonstrate capacity to carry out the proposed use of the funds.

Funding available until September 20, 2011. Recipients must spend 50 percent of funds in 2 years and all funds in three years. Secretary may recapture funds if timelines are missed.

Corporation for National and Community Service

Total Funding Available: \$200 million

Overview: According to its website, the Corporation for National and Community Service is the nation’s largest grant maker supporting service and volunteering. Specifically, among other programs, it supports Senior Corps, AmeriCorps, and Learn and Serve America programs

Special Factors: Non federal share waiver discretionary. \$89 million is set aside for existing AmeriCorps grantees and an additional \$40 million is set aside for the National Service Trust.

How to Access Funding: Unknown at this time.

Last update: 2/18/09

Transit Capital Assistance

Total Funding Available: \$6.9 billion

Overview: Transit Capital Assistance may be used for bus, rail, and related capital assistance. The funds are broken down in the following manner:

- \$100 million set aside for discretionary grants for transit capital.
- \$5.40 billion apportioned to states using the 5307 program distribution formula (CA Share: \$968 million).
- \$677 million apportioned to states using the 5311 program distribution formula (CA Share: \$34 million).
- \$675 million apportioned to states using the Growing States distribution formula.
- \$16.9 million or 2 percent of the 5311 distribution is set aside for Indian Reservation Roads.
- Balance of funds reserved for FTA Administration.

Special Factors:

- No matching funds required.
- Priority is to be given to projects in economically distressed areas.
- Priority is to be given to projects that can be completed within three (3) years.
- Funds cannot supplant existing funding, and states must certify within 30 days of apportionment that existing funding is maintained.
- Fifty percent of funding to states (excludes suballocation to Metropolitan Planning Organizations (MPOs)) must be obligated within 120 after apportionment. Any funds not obligated within 120 days will be withdrawn and reapportioned to other states that are able to obligate the funds.
- All funds must be obligated within one (1) year of apportionment. Any funds not obligated within one (1) year will be withdrawn and reapportioned to other states that are able to obligate the funds. The Secretary of the Federal Highway Administration can grant an extension of one (1) year if a state is experiencing “extreme conditions” that create an “unworkable bidding environment”.
- Periodic reports to the Federal Transit Administration that include information on spending and job creation will be required.

How to Access Funding: Funds will be distributed to existing transit recipients 21 days after enactment of the legislation. Fifty percent of funding must be obligated within 180 after apportionment, and all other funds must be obligated within one (1) year of apportionment. Any funds not obligated within these time periods will be withdrawn and redistributed under the Competitive Surface Transportation Program. The Federal Transit Administration (FTA) has released guidance and preliminary that can be found at http://www.fta.dot.gov/index_9118.html.

The FTA has posted preliminary apportionments for the formula grants at http://www.fta.dot.gov/index_9118.html. FTA is not publishing decisions or requirements related to the three discretionary programs identified in the ARRA at this

time. These formula apportionment tables will be published in final form when the Federal Register publishes FTA's Notice containing the tables as well as application instructions for our grantees.

New Starts

Total Funding Available: \$750 million (CA Share: \$66 million)

Overview: The New Starts program is the federal government's primary financial resource for supporting locally-planned, implemented, and operated transit "guideway" capital investments. Projects include commuter rail, light rail, heavy rail, bus rapid transit, streetcars, and ferries.

Project criteria include:

- Mobility Improvements: measured by travel time benefits per project passenger mile, low-income households served, and employment near stations.
- Environmental Benefits: measured by change in regional pollutant emissions, change in regional energy consumption, and EPA air quality designation.
- Cost Effectiveness: measured as the cost per hour of travel time saved.
- Operating Efficiencies: measured by system operating cost per passenger mile.
- Transit Supportive Land Use & Future Patterns: measured by existing land use, transit supportive plans and policies and performance, and impacts of policies.
- Other: includes a number of optional factors, including the projected economic impact of project, economic development, and the reliability of forecasts.

Special Factors:

- Funds are available until September 30, 2010.
- Periodic reports to the Federal Transit Administration that include information on spending and job creation will be required.
- Priority is given to projects that are currently in construction or are able to obligate funds within 150 days of enactment.
- Funds cannot be commingled with any prior year funds.
- The current match ratio is used. This is a sliding scale that rates the local financial commitment for consideration during the application and award process. It is not a set amount.

How to Access Funding: Grants will be made at the Secretary's discretion. Application guidelines will be available on the New Starts website (see below). The Federal Transit Administration has released guidance that can be found at http://www.fta.dot.gov/index_9118.html.

Last update: 2/18/09

Rail Modernization (Fixed Guideway Infrastructure Investment)

Total Funding Available: \$750 million (CA Share: \$66 million)

Overview: Grants for fixed guideway modernization projects. A fixed guideway refers to any transit service that uses exclusive or controlled rights-of-way or rails, entirely or in part. The term includes heavy rail, commuter rail, light rail, trolleybus, aerial tramway, inclined plane, cable car, automated guideway transit, ferryboats, that portion of motor bus service operated on exclusive or controlled rights-of-way, and high-occupancy-vehicle (HOV) lanes.

Eligible recipients for capital investment funds are public bodies and agencies (transit authorities and other state and local public bodies and agencies thereof including states, municipalities, other political subdivisions of states; public agencies and instrumentalities of one or more states; and certain public corporations, boards, and commissions established under state law.

Special Factors:

- No matching funds required.
- Fifty percent of funding must be obligated with 180 after apportionment, and all other funds must be obligated within one (1) year of apportionment. Any funds not obligated within these time periods will be withdrawn and reapportioned to other areas that are able to obligate the funds.
- Periodic reports to the Federal Transit Administration that include information on spending and job creation will be required.

How to Access Funding: Funds are allocated by a statutory formula to urbanized areas with rail systems that have been in operation for at least seven years. The Federal Transit Administration has released guidance that can be found at http://www.fta.dot.gov/index_9118.html.

Last update: 2/18/09

Highway Infrastructure

Total Funding Available: \$27.5 billion

Overview: The highway infrastructure funding will be apportioned to states using existing formulas (50% STP State distribution formula and 50% according to the FFY 2008 Obligation Limitation) with 30% of the funds within each state being suballocated under the population formulas of the STP program (to Metropolitan Planning Organizations (MPOs)). Funds can be used for any project eligible under the surface transportation program, passenger and freight rail, and port infrastructure. Funds cannot be used for Advance Construction.

Special Factors:

- No matching funds required.
- Priority is to be given to projects in economically distressed areas.
- Priority is to be given to projects that can be completed within three (3) years.
- Funds cannot supplant existing funding, and states must certify within 30 days of apportionment that existing funding is maintained.
- Fifty percent of funding to states (excludes suballocation to MPOs) must be obligated within 120 after apportionment. Any funds not obligated within 120 days will be withdrawn and reapportioned to other states that are able to obligate the funds.
- All funds must be obligated within one (1) year of apportionment. Any funds not obligated within one (1) year will be withdrawn and reapportioned to other states that are able to obligate the funds. The Secretary of the Federal Highway Administration can grant an extension of one (1) year if a state is experiencing “extreme conditions” that create an “unworkable bidding environment”.
- Periodic reports to the Federal Transit Administration that include information on spending and job creation will be required.

How to Access Funding: Funds will be apportioned within 21 days after enactment of the legislation to the state and MPOs. MPOs have been compiling lists of eligible projects, and it will be up to the Boards to allocate the funding. Cities should immediately contact their MPO to determine if their project is eligible and work with Board members to secure necessary funding. The Federal Highway Administration has released spending guidance that can be accessed at <http://www.fhwa.dot.gov/economicrecovery/index.htm>.

The Federal Highway Administration has posted **estimated** apportionment tables: <http://www.fhwa.dot.gov/economicrecovery/estapportionment.htm>. Note: These tables provide the estimated distribution of American Recovery and Reinvestment Act of 2009 (ARRA) funds, and estimates of the funds that would be subject to redistribution. This information is preliminary until the FHWA issues the official apportionment notice (02/20/09).

Federal Contact: Federal Highway Administration
<http://www.fhwa.dot.gov/economicrecovery/index.htm>

State Contact: Cities should contact their local Metropolitan Planning Organization.

Last update: 3/03/09

Competitive Surface Transportation Program

Total Funding Available: \$1.5 billion

Overview: This program includes competitive grants to state and local governments and transit agencies for surface transportation projects which will have a significant impact on the nation, a metropolitan area, or region. Funding can be used for any eligible program under the Surface Transportation Program including highway, transit, freight and passenger rail, and port infrastructure projects. Grants will range from \$20 million to \$300 million, with some waivers for smaller cities.

Special Factors:

- No matching funds required.
- Priority is to be given to projects for which the federal share is needed to complete the project funding.
- Priority given to projects that can be completed within three (3) years.
- Periodic reports to the Federal Transit Administration that include information on spending and job creation will be required.

How to Access Funding: The Secretary of the Federal Highway Administration will release the criteria for the funding no later than May 18, 2009. Applications will be available within 180 days after release of the criteria, and projects will be selected no later than February 17, 2010. The Federal Highway Administration has released spending guidance that can be accessed at <http://www.fhwa.dot.gov/economicrecovery/index.htm>.

Airport Improvement Program

Total Funding Available: \$1.1 billion

Overview: The Airport Improvement Program (AIP) provides grants to public agencies---and, in some cases, to private owners and entities---for the planning and development of public-use airports that are included in the National Plan of Integrated Airport Systems (NPIAS).

Special Factors:

- No matching funds required.
- Priority is to be given to projects that will be completed within two (2) years.
- Funds cannot supplant existing funding.
- Fifty percent of funding must be obligated with 120 after apportionment. All other funds must be obligated within one (1) year of apportionment.
- Periodic reports to the Federal Aviation Administration that include information on spending and job creation will be required.

How to Access Funding: Grants will be awarded at the Secretary's discretion. AIP funds are typically first apportioned into major entitlement categories such as primary, cargo, and general aviation. Remaining funds are distributed to a discretionary fund. Set-aside projects (airport noise and the Military Airport Program) receive first attention from this discretionary distribution. The remaining funds are true discretionary funds that are distributed according to a national prioritization formula. The FAA has released a stakeholder guidance document. It can be found at www.faa.gov/airports_airtraffic/airports/aip/media/FY09_aip_arra_guidance.pdf.

High Speed Rail Corridors and Intercity Rail Passenger Service

Total Funding Available: \$8.0 billion

Overview: Grants to improve the speed and capacity of intercity passenger rail service and high speed rail corridors. This is a new program that was approved in the Passenger Rail Investment and Improvement Act of 2008.

Special Factors:

- No matching funds required.
- Priority to projects that support development of intercity high speed rail service.
- Periodic reports to the Federal Transit Administration that include information on spending and job creation will be required.

How to Access Funding: The Secretary of the Federal Railroad Administration will release a strategic plan for use of the funds no later than April 18, 2009. The Department of Transportation will release guidance to applicants on grant terms, conditions, and procedures no later than June 17, 2009. There will be separate instructions for high speed rail, intercity rail, and congestion grants.

COPS (Community Oriented Policing Services)

Total Funding Available: \$1 billion

Overview: Grants used to hire and train community policing professionals, acquire and deploy cutting-edge crime-fighting technologies, and develop and test innovative policing strategies. COPS Office funding provides training and technical assistance to advance community policing at all levels of law enforcement, from line officers to law enforcement executives, as well as others in the criminal justice field. Because community policing is inclusive, COPS Office training also reaches state and local government leaders and the citizens they serve. Funds cover the actual cost of an officer for three (3) years.

There are two types of federal grants. **Sponsored/Targeted Grants** consist of Methamphetamine, Safe Schools Initiative and Technology programs.

Discretionary/Non-Targeted Grants consist of Cops In Schools, Homeland Security Overtime Program, MORE, Interoperability, Secure Our Schools, Tribal and Universal Hiring programs.

It is estimated that these grants will fund 5,500 local police officers through the COPS Hiring Recovery Program.

Special Factors:

Traditionally, the program provides 75 percent of a new hire or rehire's salary for the first three years, with a salary cap of \$75,000 for these new officers. However, the ARRA waives both the salary cap and local match for FYs 09 & 10. Further, the COPS office has indicated that they will allow local government to use the funds to retain police officers that they otherwise would not be able to keep on salary.

How to Access Funding: Cities will apply directly with the Federal Department of Justice, COPS Office for grants. Guidance has been released by the department, and a general overview of the program and what it funds can be found at <http://cops.usdoj.gov/Default.asp?Item=2108>. Application procedures can be found at <http://cops.usdoj.gov/Default.asp?Item=2110>.

A questionnaire to determine if a city is eligible for funding can be found at <http://cops.usdoj.gov/chrp/eligibilityanony.aspx>. (Please note: Cities that contract for policing services are not eligible to receive direct funding. The authority with the primary responsibility must apply.)

Byrne JAG – Formula

****Note: Grant Applications DUE May 18, 2009****

Total Funding Available: \$2 billion

Overview: The Edward Byrne Memorial Justice Assistance Grant (JAG) Program allows states and local governments to support a broad range of activities to prevent and control crime and to improve the criminal justice system. The procedure for allocating JAG funds is a formula based on population and crime statistics, in combination with a minimum allocation to ensure that each state and territory receives an appropriate share. Funds are distributed 60/40 between state and local recipients. These funds are extremely flexible and can be utilized to pay for programs, equipment, and even some salaries-prevention programs, drug enforcement programs, and buying equipment to support law enforcement are all permitted.

In addition to direct grants from the federal government, cities are sometimes eligible to receive funds from the state allocation. In some instances, a city that is not eligible for the federal grant will be eligible for the state funds.

How to Access Funding:

Federal: The Office of Justice Programs has released the application for this program. The application can be found at www.ojp.usdoj.gov/BJA/recoveryJAG/JAGrecoveryLocal.pdf. **The application deadline is 8:00pm Eastern Time on May 18, 2009.**

If you are not sure if you are eligible to apply, click here:

<http://www.ojp.usdoj.gov/BJA/recoveryJAG/recoveryallocations.html>

Important information for helping eligible local governments apply can be found here:

<http://www.ojp.usdoj.gov/BJA/recoveryJAG/recoveryjag.html>

To read the White House Fact Sheet on Byrne funding and uses, click here:

http://www.whitehouse.gov/the_press_office/FACT-SHEET-Investing-in-Public-Safety/

State: JAG funds allocated to the state are distributed through a RFA/RFP process through the California Emergency Management Agency (formerly the Office of Emergency Services). Grant applications are typically released in April, but CalEMA may release the information early due to this legislation. Until the website for CalEMA is complete, grant applications will be available at www.oes.ca.gov.

Byrne JAG - Competitive

Total Funding Available: \$225 million

Overview: Competitive grants to units of State, local, and tribal government, and to national, regional, and local non-profit organizations to prevent crime, improve the administration of justice, provide services to victims of crime, support critical nurturing and mentoring of at-risk children and youth, and for other similar activities.

Eligible applicants include national, state, regional, or local public and private entities, including for-profit (commercial) and nonprofit organizations, faith-based and community organizations, institutions of higher education, and tribal jurisdictions.

According to the grants notice, funding will support job creation and retention in support of evidence-based and data-driven programs in order to:

- prevent and reduce violent crime,
- provide neighborhood-based probation and parole officers,
- reduce mortgage fraud and crime related to vacant properties,
- hire civilian support personnel in law enforcement (training staff, analysts, dispatchers, etc.),
- enhance forensic and crime scene investigations,
- improve resources and services for victims of crime
- support problem-solving courts, and
- fund national training and technical assistance partnerships.

How to Access Funding: Solicitation, FAQ, and Fact Sheets will be released soon by the Office of Justice Programs. Applications for funding will be submitted through the on-line OJP Grants Management System (GMS). A preliminary grants notice has been released and can be found at www.grants.gov. The Funding Opportunity Number is BJA-2009-2117.

Internet Crimes Against Children

****Note: Grant Applications DUE April 8, 2009****

Total Funding Available: \$50 million

Overview: Competitive grants through the Office of Justice Programs to coordinate state and local responses to preventing, apprehending, and prosecuting online predators. According to the grants website, the Internet Crimes Against Children (ICAC) Task Force Program seeks to maintain and expand state and regional ICAC task forces to address technology-facilitated child exploitation. These task forces work collaboratively as a national network of law enforcement and prosecutorial agencies that prevent, interdict, and investigate Internet crimes against children. The program provides funding for existing task forces to develop multijurisdictional, multiagency responses to such offenses by providing funding and other support to state and local law enforcement agencies as a means to help them acquire the necessary knowledge, personnel, and equipment. This program provides funding to states and localities for salaries and employment costs of law enforcement officers, prosecutors, forensic analysts, and other related professionals.

Special Factors: Only those state and local Law Enforcement and Prosecutorial Agencies who are already receiving ICAC funding from OJJDP are eligible to apply.

How to Access Funding: You can now apply for this funding at <https://grants.ojp.usdoj.gov/>. Additional information can be found at www.grants.gov. The Funding Opportunity Number is OJJDP-2009-2099.

Violence Against Women

****Note: Grant Applications DUE March 18, 2009****

Total Funding Available: \$175 million for STOP grants
\$50 million for transitional housing

Overview:

STOP (Services • Training • Officers • Prosecutors) grants: Formula grants awarded to states and territories to develop and strengthen the criminal justice system's response to violence against women and to support and enhance services for victims. Each state and territory must allocate 25 percent of the grant funds for law enforcement, 25 percent for prosecution, 5 percent for courts, and 30 percent for victim services.

Transitional Housing: Discretionary grant program that provides transitional housing, short-term housing assistance, and related support services for individuals who are homeless or in need of transitional housing or other housing assistance as a result of fleeing a situation of domestic violence, dating violence, sexual assault, or stalking, and for whom emergency shelter services or other crisis intervention services are unavailable or insufficient. Eligible applicants are states, units of local government, Indian tribal governments, and other organizations that have a documented history of effective work concerning domestic violence, dating violence, sexual assault, or stalking.

Special Factors:

- Information regarding matching fund requirements for STOP can be found at www.ovw.usdoj.gov/docs/match_requirement.pdf.

How to Access Funding:

STOP grants: Applications are now available at <http://www.ovw.usdoj.gov/docs/recovery-stop-program.pdf>. **The application deadline is March 18, 2009.**

Transitional Housing: Grant information will be available at www.ovw.usdoj.gov/thousing_grant_desc.htm.

Assistance to Firefighters Grants

Total Funding Available: \$210 million

Overview: The primary goal of the Assistance to Firefighters Grants (AFG) is to meet the firefighting and emergency response needs of fire departments and nonaffiliated emergency medical services organizations. Since 2001, AFG has helped firefighters and other first responders to obtain critically needed equipment, protective gear, emergency vehicles, training, and other resources needed to protect the public and emergency personnel from fire and related hazards.

Assistance to Firefighters Grants funding from the ARRA can be used to modify, upgrade, or construct non-Federal fire stations.

Special Factors:

- The maximum grant amount is \$15 million.
- No matching funds are required.
- Extensive “Buy America” provisions can be waived by the Secretary.

How to Access Funding: The Grant Programs Directorate of the Federal Emergency Management Agency administers the grants in cooperation with the U.S. Fire Administration. Funds will be distributed at the discretion of the Secretary of Homeland Security. Regulations will be adopted and released by the Secretary.

Emergency Food and Shelter

Total Funding Available: \$100 million

Overview: Supplements the work of local social service organizations within the United States, both private and governmental, to supplement and expand ongoing efforts to provide shelter, food and supportive services. (Private-Nonprofit community and government organizations)

Special Factors:

- Extensive “Buy America” provisions can be waived by the Secretary.

How to Access Funding: Funds are administered through the Emergency Food and Shelter National Board, which uses a formula to determine the eligibility of a civil jurisdiction. There is no national application process.

For fiscal year 2009 funding, jurisdictions qualify for funding if they meet one of the following criteria:

- Number of unemployed: 13,000+ with a 4.3% rate of unemployment
- Number of unemployed: 300-12,999 with a 6.3% rate of unemployment
- Number of unemployed: 300 or more with an 11.0% rate of poverty

Award amounts are determined by dividing the available funds by the number of unemployed persons within each jurisdiction that qualifies. Jurisdictions that do not qualify under the formula may receive funds through the state set-aside process. Jurisdictions that do qualify under the formula may receive additional funding through the state set-aside process.

Clean Water and Drinking Water Grants and Loans

****NOTE: Deadline to get projects on the Clean Water State Revolving Fund Project Priority List is March 24, 2009****

Total Funding Available: \$ 6 billion; \$4 billion for CWSRF, \$2 billion for SDWSRF

Overview:

Clean Water State Revolving Fund (CWSRF)

The federal Act provides a significant amount of funding for clean water grants and loans through the State's existing CWSRF. The California CWSRF is expected to receive approximately \$283 million to fund "shovel ready" projects that will create jobs.

The purpose of the CWSRF program is to implement the federal Clean Water Act and various State laws by providing financial assistance for the construction of facilities or implementation of measures necessary to address water quality problems and to prevent pollution of the waters of the State.

Eligible uses for the funds include construction of publicly-owned wastewater treatment facilities, local sewers, sewer interceptors, water recycling facilities, as well as, expanded use projects such as implementation of nonpoint source (NPS) projects or programs, development and implementation of estuary Comprehensive Conservation and Management Plans, and storm water treatment.

The deadline to get projects on the CWSRF Project Priority List (in order to apply for funding) is MARCH 24, 2009.

Safe Drinking Water State Revolving Fund (SDWSRF)

The SDWSRF provides low interest loans/grants to assist public water systems in achieving or maintaining compliance with the federal Safe Drinking Water Act (SDWA). Projects must be from a public water system, must be needed to comply with the SDWA, and must be on the program's project priority list.

Eligible uses include water treatment facilities, replacement of aging infrastructure, planning studies, consolidation of water systems, and source water protection. Ineligible uses include dams or rehab of dams, O&M costs, projects mainly for fire protection

Universal Pre-applications **for the SDWSRF ONLY are DUE FEBRUARY 27th, 2009.** A link to the program, frequently asked questions and links can be found below.

For more information on the SDWSRF loans and grants, please visit:

<http://www.cdph.ca.gov/services/funding/Documents/EconomicRecoveryFundsInformationAttachment.pdf>

Special Factors:

For Clean Water Revolving Funds:

- Not less than 20% of funds shall go for green infrastructure, water or energy efficiency improvements or other environmentally innovative activities (provided these types of applications are received).

For Both Clean Water and Drinking Water Revolving Funds:

- The federal Administrator is directed to reallocate Revolving Fund monies where projects are not under contract or construction within 12 months of the date of enactment
- Directs priority funding to projects on State priority lists that are ready to proceed to construction within 12 months of enactment
- Prohibits the use of both Revolving Funds for the purchase of land easements and to prohibit other set asides under section 1452 (k) of the Safe Drinking Water Act that do not directly create jobs.
- States are directed to use “not less than 50 percent” of the funds for principal forgiveness, negative interest loans or grants.

How to Access Funding: Both funds will be run through the state revolving fund programs, for which websites are listed below.

On March 2nd, USEPA released guidance for stimulus funding, which will be used by State Revolving Funds to put together plans that will control how water infrastructure funding will be distributed to agencies at the local level.

Those guidelines can be found at: http://www.epa.gov/water/eparecovery/docs/2009-03-02_Final_ARRA_SRF_Guidance.pdf

Clean Water State Revolving Funds:

http://www.swrcb.ca.gov/water_issues/programs/grants_loans/srf/index.shtml#announcements . The Deadline to get projects on the Project Priority List, in order to apply for CWSRF funds under the ARRA is March 24, 2009

Questions may be emailed to: cleanwaterSRF@waterboards.ca.gov or CWSRF staff can be reached at: 916-327-9978

Safe Drinking Water State Revolving Funds:

<http://www.cdph.ca.gov/CERTLIC/DRINKINGWATER/Pages/DWPFunding.aspx>

Pre-Applications for SDWSRF funds are DUE FEBRUARY 27, 2009. This deadline only applies to SDWSRF funds.

Brownfields

Last update: 3/2/09

Total Funding Available: \$100 million

Overview: Funding for competitive grants for brownfield sites. Funds from the federal Act will likely be used to fund ongoing grants through the USEPA Brownfields Assessment, Revolving Loan Fund, and Cleanup Grants program.

Eligible uses for the funds are likely to be site assessment, clean-up grants, and revolving loans and job training.

How to Access Funding: Competitive grants will likely go through the USEPA Brownfields Assessment, Revolving Loan Fund, and Cleanup Grants program.

Federal Contact: <http://www.epa.gov/brownfields/pilot.htm>

Army Corps of Engineers

Total Funding Available: \$2.0 billion for construction, \$2.075 billion for operations and maintenance; and \$25 million for studies

Overview:

Eligible uses of funds are likely for water-related environmental infrastructure assistance (including flood related projects) for existing projects.

Projects need to be completed within one year. In addition, a quarterly report by the Secretary of the Army to Congress beginning 45 days after enactment will be required.

How to Access Funding: Funding will be discretionary by the federal Department of Defense, Army Corps of Engineers. First priority for all funds will go to existing projects.

Federal Contact: <http://www.usace.army.mil/Pages/Default.aspx>

Last update: 3/2/09

Clean Diesel Reduction Program

Total Funding Available: \$300 million

Overview:

The ARRA supports \$300 million to support clean diesel activities. The funding opportunities are divided into four programs:

- The Recovery Act Funding for the National Clean Diesel Funding Assistance Program will receive approximately \$156 million. This funding will be awarded directly through US EPA on a competitive basis to support diesel emission reduction programs.
- The Recovery Act Funding for the State Clean Diesel Grant Program will receive approximately \$88 million. This funding will be available to support clean diesel grant and loan programs administered by states and the District of Columbia.

Program funds for the State Clean Diesel Grant Program will be available through the California Air Resources Board or Local Air Districts. At this time it is not entirely clear how these funds will be distributed. This page will be updated when further information is available.

- The Recovery Act Funding for the Smart Way Clean Diesel Finance Program will receive approximately \$30 million. This funding, directly through the USEPA will support the creation of national, state or local innovative clean diesel financing programs.
- The Recovery Act Funding for the National Clean Diesel Emerging Technology Program will receive approximately \$20 million. This funding directly through the USEPA will support the use, development and commercialization of emerging technologies that reduce emissions from diesel engines.
- The final 2 percent – or \$6 million – has been set aside for administrative costs.

Special Factors:

All National Diesel Emission Reduction Program activities (including all four programs outlined above) must reduce diesel emissions. According to the Energy Policy Act of 2005, priority projects are those that accomplish the following:

- Maximize public health benefits
- Are the most cost effective
- Serve areas with highest population density; that are in poor air quality areas, including:
 - non-attainment and maintenance areas, Federal Class 1 areas
 - areas with toxic pollutant concerns
 - areas that receive a disproportionate quantity of air pollution from diesel fleets including truck stops, ports, rail yards, terminals and distribution centers
 - areas that use a community-based multi-stakeholder collaborative process to reduce toxic emissions
- Maximize the useful life of any certified engine configuration, verified technology, or emerging technology
- Conserve diesel fuel
- Use diesel fuel with a sulfur content of less than or equal to 15 ppm (for nonroad engines)

How to Access Funding:

For the National Clean Diesel Funding Assistance Program, SmartWay Clean Diesel Finance Program, and National Clean Diesel Emerging Technologies Program, competitive announcements for the funding will be available in early March 2009. Visit the program web site listed below for updates and competition schedule information.

Federal Contact: <http://www.epa.gov/otaq/eparecovery/index.htm>

Competitive announcements for Recovery Act funding will also be listed at the Federal web site, www.recovery.gov, as they become available.

State Contact: For the State Clean Diesel Grant Program ONLY, when details become available about ARRA funding distribution, this section will be updated.

League Staff Contact: Kyra Ross, kross@cacities.org, (916)658-825

Last update: 3/2/09

Bureau of Reclamation

Total Funding Available: \$ 1 billion

Overview:

The ARRA provides \$1 billion to the **Bureau of Reclamation**, which provides water supplies and produces hydropower in the West. Funds are specifically identified in the ARRA to fund water reuse projects and construct rural water projects that will provide clean, reliable drinking water to rural areas and ensure adequate water supplies to western localities. Funds are also expected to be used to promote water conservation, improve energy efficiency, address aging water infrastructure, and meet endangered species requirements through improvements such as fish screens and fish passage projects.

Eligible applicants for the funds include state agencies, municipalities and water agencies.

Special Factors:

- Funding shall be used for elements of projects, programs or activities that can be competed within these funding amounts and not create budgetary obligations in future fiscal years.
- Not less than \$126 million to be spent on water reclamation and reuse projects authorized in the Reclamation Wastewater and Groundwater Study and Facilities Act of 1992.
- \$50 million may be transferred to the Department of Interior for programs, projects and activities authorized by the Central Utah Project Completion Act
- \$50 million may be spent on programs, projects and activities authorized by the California Bay-Delta Restoration Act (CALFED)
- Not less than \$60 million shall be spent on rural water projects, primarily on water intake and treatment facilities
- Not less than \$10 million to be spent on Bureau-wide inspection of canals program in urbanized areas
- Costs of extraordinary maintenance and replacement activities shall be repaid pursuant to existing authority, except:
- The Secretary shall determine the length of repayment period (not to exceed 50 years)
- Repayment shall include interest

- • Interest rates will be set by the Secretary of Treasury according to additional specifications in the Act
- Expired funds may be used to pay the cost of associated supervision, inspection, overhead, engineering and design on such projects and on subsequent claims
- The Secretary of Interior is granted unlimited reprogramming authority

How to Access Funding: Funding will go out through the Bureau of Reclamation through competitive grants and cooperative agreements (funding apportioned by formula). The Bureau of Reclamation will be posting competitive grant information on the website listed below as well as on www.grants.gov

Federal Contact: <http://www.doi.gov/recovery/index.html#implementing>

Clean Cities Diesel Reduction Program

Total Funding Available: \$300 million

Overview:

The ARRA supports \$300 million to support the Department of Energy’s Clean Cities clean diesel program.

Eligible entities include states, local governments and metropolitan transportation authorities in partnership with designated Clean Cities Coalition. \$300 million is available for the Alternative Fuel and Advanced Technology Vehicles Pilot Grant Program, which is a competitive grant program promoting the use of more efficient vehicles. Funding is to be used for cost-shared projects that expand the use of alternative fueled vehicles and advanced technology vehicles. The installation or acquisition of infrastructure necessary to directly support an alternative fueled vehicle or advanced technology vehicle is also eligible. Operation and maintenance of vehicles, infrastructure and other associated equipment acquired through the program are also allowable within specified limits.

For more information on the Clean Cities Program visit:

www1.eere.energy.gov/cleancities/

The deadline to apply for this funding is May 29, 2009.

How to Access Funding:

The link to the application and details for this program can be found at: [https://e-center.doe.gov/iips/faopor.nsf/UNID/F1BEFA84084808598625756800695728/\\$file/Clean_Cities_FY09_FOA_Modification_003..pdf](https://e-center.doe.gov/iips/faopor.nsf/UNID/F1BEFA84084808598625756800695728/$file/Clean_Cities_FY09_FOA_Modification_003..pdf)

Energy Efficiency and Conservation Block Grants

Total Funding Available: \$3.2 billion

Overview: The Energy Independence and Security Act (EISA; Pub. L. No. 110-140), signed into law on December 19, 2007, created the Energy Efficiency and Conservation Block Grant (EECBG) Program. The Program as established by EISA is for federal grants to units of local government, Indian tribes, and states to reduce energy use and fossil fuel emissions, and for improvements in energy efficiency. The Office of Energy Efficiency and Renewable Energy (EERE) of the US Department of Energy will likely administer the EECBG Program.

Title V, Subtitle E of EISA describes the purpose for creating the EECBG Program:

(b) PURPOSE.—The purpose of the program shall be to assist eligible entities in implementing strategies—

(1) to reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities in a manner that—

(A) is environmentally sustainable; and

(B) to the maximum extent practicable, maximizes benefits for local and regional communities;

(2) to reduce the total energy use of the eligible entities; and

(3) to improve energy efficiency in—

(A) the transportation sector;

(B) the building sector; and

(C) other appropriate sectors.

Of the \$3.2 billion appropriated by the federal Act, \$2.8 billion will go out through a formula set by federal law and another \$400 million will go out in competitive energy grants.

Cities with a population of over 35,000 will apply for funds directly through the federal Department of Energy (DOE); Cities with populations of under 35,000 will get their funding through the California Energy Commission

Eligible uses of Energy Efficiency and Conservation Block Grants:

While final guidelines have not been published, in general, likely eligible uses of funds for cities include:

- Developing/implementing an energy efficiency and conservation strategy;
- Retaining technical consultant services to assist in the development of such strategy;
- Conducting residential and commercial building energy audits;
- Establishing financial incentive programs for energy efficiency improvements (*e.g., loan programs, rebate programs, waive permit fees*);
- Providing grants to nonprofit organizations to perform energy efficiency retrofits;
- Developing/implementing programs to conserve energy used in transportation (*e.g., flex time by employees, satellite work centers, promotion of zoning requirements that promote energy efficient development, transportation infrastructure; bike lanes/pathways, pedestrian walkways, and synchronized traffic signals*);
- Developing and implementing building codes and inspection services to promote building energy efficiency;
- Implementing energy distribution technologies;
- Developing public education programs to increase participation and efficiency rates for recycling programs;
- Purchasing/implementing technologies to reduce and capture methane and other greenhouse gases generated by landfills or similar sources;
- Installing light emitting diodes (LEDS);
- Developing, implementing, and installing on or in any government buildings of onsite renewable energy technology that generates electricity from renewable resources (solar and wind energy, fuel cells, and biomass); and
- Any other activity as determined by the Secretary of Energy in consultation with the Secretaries of Transportation and Housing and Urban Development and the Administrator of the Environmental Protection Agency

In addition, for cities under 35,000 population getting funds through the California Energy Commission, AB 2176 (2008) states that: (c) It is the intent of the Legislature to strive to maximize the opportunity to allocate funds toward the most cost-effective energy efficiency projects. The legislation further directs the Energy Commission to prioritize projects based on their cost-effective energy efficiency.

How to Access Funding for Energy Efficiency and Conservation Block Grants:**Cities over 35,000 population or top 10 in state population:**

DOE will issue program guidance in the *Federal Register* that will give specific instructions on how to apply for this program.

Cities under 35,000 population (and counties under 200,000 population):

The California Energy Commission is awaiting guidelines from DOE for completing the planning that DOE requires. The Commission will hold workshops, and conduct outreach. Interested cities should sign up for the "Small Cities" listserv, to be kept up to date on program development. The listservers are available through the Commission's website at: <http://www.energy.ca.gov/listservers/index.html>. *On that site, if you scroll down the page you should see a section on the right side entitled "efficiency lists". Check the box that reads "small city-energy efficiency".*

The California Energy Commission has also set up a federal stimulus specific website that will contain all information on state energy funding, including energy efficiency and conservation block grants at: www.energy.ca.gov/recovery

Weatherization Assistance

Total Funding Available: \$5 billion

Overview:

Provides funding towards low-income weatherization programs through the federal Department of Energy.

Under the federal Department of Energy weatherization program, weatherization services are cost-effective energy efficiency measures for existing residential and multifamily housing with low-income residents. It includes a wide variety of energy efficiency measures that encompass the building envelope, its heating and cooling systems, its electrical system, and electricity consuming appliances.

Special Factors: Funds will be distributed to states through existing federal weatherization program formulas.

How to Access Funding:

Low income residents in California can apply for weatherization funding through the State Department of Community Services and Development.

Federal Contact:

<http://www.eere.energy.gov/wip>

State Contact:

The California Energy Commission has also set up a federal stimulus specific website that will contain all information on state energy stimulus funding, including weatherization at: www.energy.ca.gov/recovery

Electricity Delivery and Energy Reliability

Total Funding Available: \$4.5 billion: \$100 million for worker training, \$80 million for resource and transmission needs assessment; and remaining funds to implement smart grid program.

Overview: Funding for research and development, pilot projects and matching funds for the Smart Grid Investment Program to modernize the electric grid, enhance security and reliability of energy infrastructure, and facilitate recovery from disruptions to the energy supply.

\$100 million of the funds must be used for worker training.

How to Access Funding: Funding will be discretionary by the federal Department of Energy (DOE).

**Energy Efficiency and Renewable Energy Research, Development,
Demonstration & Deployment**

Total Funding Available: \$2.5 billion

Overview:

- \$800 million for projects related to biomass
- \$400 million for geothermal activities and projects
- \$1.3 billion for base program activities, such as research and demonstrations into additional renewable technologies

How to Access Funding: Funding will be discretionary by the federal Department of Energy (DOE).

Broadband Technology Opportunities Program

Total Funding Available: \$4.7 billion

Overview: The Technology Opportunities Program (TOP) promotes the widespread availability and use of digital network technologies in the public and non-profit sectors through grants for model projects demonstrating innovative uses of network technologies. Grants were last funded in 2004, and were awarded to state, local and tribal governments, health care providers, schools, libraries, police departments, and community-based non-profit organizations.

The Broadband Technology Opportunities Program includes competitive grants for broadband deployment in unserved and underserved areas. The program also includes:

- \$200 million for competitive grants to expand public computer center capacity at community colleges and public libraries.
- \$250 million for competitive grants to encourage adoption of broadband.
- \$350 million to establish the State Broadband Data and Development Grant program.

Special Factors:

How to Access Funding: Application details will be announced by the National Telecommunications and Information Administration **following a series of public hearings.**

Consolidated Omnibus Budget Reconciliation Act (COBRA)

Total Funding Available: \$21.4 billion

Overview: ARRA of 2009 includes changes to the health benefit provisions of Consolidated Omnibus Budget Reconciliation Act of 1985, commonly referred to as COBRA. Under the new law, the federal government will subsidize 65 percent of COBRA premiums for eligible employees (up to nine months) who lose their jobs involuntarily between September 1, 2008, and December 31, 2009. Employers, including cities and towns, will be required to pay 65 percent of the COBRA premium (the other 35 percent is paid by the employee) but will be entitled to a credit for that payment.

Special Factors:

- Employers who are subject to state or federal COBRA must provide premium subsidies of no less than 65 percent of regular COBRA premium to “Assistance Eligible Individuals” beginning March 1, 2009.
- Employers must provide notice of the available subsidy to all eligible individuals within 60 days from February 17, 2009.
- Eligible individuals will have 60 days from the date of the notice to elect the subsidy or 90 days if the employer also offers additional plan choices.
- Individuals not eligible for assistance include “High income individuals.” High income for the purposes of the new provisions means any tax payer with a modified adjusted gross income of \$145,000 in the year in which he/she took the subsidy (\$290,000 for individuals married filing jointly). The subsidy recapture tax begins to phase in for a single taxpayer with a modified adjusted gross income of \$125,000 (\$250,000, for individuals married filing jointly).
- If an individual is denied coverage, under the new provisions, the Department of Labor (DOL) must provide a 15 day complaint review process. The DOL is expected to publish guidelines soon.

The IRS has made information available that covers a range of issues that pertains to both employers and employees and can be found at www.irs.gov.

- For an extensive set of questions and answers for employers on the COBRA subsidy, the circumstances under which employees are eligible to receive this special COBRA benefit, and the ways in which employers receive a tax credit for paying 65 percent of the employees COBRA premium please visit:
<http://www.irs.gov/newsroom/article/0,,id=204708,00.html>

The Department of Labor has also issued several documents that help explain how the new COBRA benefit should be implemented. You can find these documents at <http://www.dol.gov/ebsa/cobra.html>.

Included are:

1. COBRA Premium Reduction Fact Sheet (<http://www.dol.gov/ebsa/newsroom/fsCOBRAPremiumreduction.html>);
2. Job Loss Poster (8½" x 11") (<http://www.dol.gov/ebsa/pdf/joblossposter2.pdf>);
3. Job Loss Poster (11" x 17") (<http://www.dol.gov/ebsa/pdf/joblossposter1.pdf>); and,
4. Flyers for Employers and Employees:
<http://www.dol.gov/ebsa/pdf/cobrastimulusflyer1.pdf>
<http://www.dol.gov/ebsa/pdf/cobrastimulusflyer2.pdf>

How to Access Funding: Employers may claim tax credit against periodic deposits for wage withholdings and FICA payroll taxes for the portion of COBRA premium not paid by the individual. If the employer's claims for COBRA subsidy payments exceed the amount of the wage withholdings or FICA payroll taxes reported by the employer, Treasury is directed to reimburse the employer directly for the excess amount.

- Instructions on how to complete Form 941 to receive the COBRA credit can be found at: <http://www.irs.gov/pub/irs-pdf/i941.pdf>
- A PDF version of the new Form 941 can be found at: <http://www.irs.gov/pub/irs-pdf/f941.pdf>

Federal Contact: IRS, www.irs.gov, 1-800-234-2942 (federal stimulus hotline).

State Contact: If you continue to have questions about implementing this benefit you should contact your Department of Labor regional office.

Department of Labor regional office contact information can be found at: <http://www.doleta.gov/regions/regoffices/>.

National Endowment for the Arts

****Note: Grant Applications DUE April 2, 2009****

Total Funding Available: Individual grants are between \$25,000 and \$250,000

Overview: The ARRA provides funding for arts projects and activities that preserve jobs in the nonprofit arts sector threatened by declines in philanthropic and other support during the current economic downturn. Funds will be distributed directly through the National Endowment for the Arts (NEA). Funding is available through one-time grants to eligible nonprofit organizations including arts organization, local arts agencies, statewide assemblies of local arts agencies; arts service organizations, state or local governments. Grants will be made to either organizations for their own job preservation projects, or to designated local arts agencies eligible to subgrant funds.

Projects eligible for these funds are limited to:

- Salary support, full or partial, for one or more positions that are critical to an organization's artistic mission and that are in jeopardy or have been eliminated as a result of the current economic climate

And/or

- Fees for previously engaged artists and/or contractual personnel to maintain or expand the period during which such persons would be engaged.

Special Factors:

- All applicants for these grants must be previous NEA award recipients from the past four years.
- Organizations, including Cities, are limited to receiving NEA funds through only one source—from the NEA directly, or directly through an entity eligible to subgrant NEA funds including a state arts agency, a regional arts organization of state arts agencies, or a designated local arts agency that is eligible to subgrant or regrant funds.
- Under the NEA ARRA guidelines, funds for subgranting or regranting will be provided only to local arts agencies that are designated to operate on behalf of their local governments or are operating units of city or county governments. These designated local arts agencies generally are arts councils, departments of cultural affairs, or arts commissions.
- The NEA's support of a project may start on or after July 1, 2009. Generally, a grant period of up to one year is allowed.
- No pre-award costs are allowable in the Project Budget. Project costs that are incurred before July 1, 2009, will be removed from the Project Budget.

How to Access Funding:

Applications for these grants are due no later than **11:59 p.m., Eastern Time, on April 2, 2009.**

Interested applicants should download the full announcement and application at the website listed below.

Federal Contact: <http://www.arts.gov/grants/apply/recovery/index.html>
