ARMY VIETNAM MEDAL OF HONOR

In the early morning hours of March 9, 1946, Private First Class George A. Ingalls, a member of Company A, 2nd Battalion, 5th Cavalry Regiment, 1st Cavalry Division, was on a mission to secure a forward position in the Central Highlands of Vietnam. As part of a small team, Ingalls was tasked with advancing to a known enemy contact area.

During the patrol, Ingalls encountered a heavily armed North Vietnamese Army force. Ingalls, displaying extraordinary courage and disregard for his own safety, charged the enemy,矢着 a needle fire zone. Despite being wounded multiple times, he continued to engage the enemy, inflicting heavy casualties.

In the midst of the firefight, Ingalls was critically injured. Despite his severe wounds, he maintained his focus and continued to lead his team, inspiring his comrades to hold their ground. His actions were critical in the eventual victory against the enemy force.

For his exceptional valor, Private First Class George A. Ingalls was posthumously awarded the Medal of Honor. His bravery and selflessness are an inspiration to all who strive for excellence in the face of adversity.
