What are short-term rentals?

A: Rental of a residential dwelling units for periods of less than a month.

What do Airbnb, VRBO and the 100s of other short-term rental platforms do?

A: Airbnb, VRBO and FlipKey etc. act as online marketplaces connecting travelers with local hosts. On one side the platforms enable people to list their available space and collect rent. On the other, the platforms enable travelers to easily book unique home stays.
SHORT TERM RENTALS ARE BECOMING MAINSTREAM

~25% of the travelling population in the U.S. has now stayed at a short-term rental

More people visit Airbnb than any hotel or travel booking website

THE BAD: STRS CAN DISPLACE LONG-TERM TENANTS, ALTER THE NEIGHBORHOOD CHARACTER AND CAUSE PARKING, NOISE, SAFETY, TRASH AND FAIRNESS CONCERNS

Conversion of long-term rentals into STRs can affect housing availability

Increased tourism can change the neighborhood character

Visitors don't always know (or follow) local rules

Short-term renters may not care about keeping good neighborly relations

Increased occupancy can have negative trash related side-effects

Unfair competition from VRBOs can cause conflicts and hotel job losses
GIVEN THE IMPACTS AND GROWTH, STRS HAVE BECOME THE SINGLE MOST CONTROVERSIAL LOCAL ISSUE IN DECADES

In the last 12 months’ 9,189 news stories have covered this issue across the U.S.
THERE IS NO “ONE-SIZE-FITS-ALL” APPROACH TO SHORT-TERM RENTAL REGULATIONS

Short-term rental regulation should be written to address each community’s specific planning objectives:

• Stem STR’s negative impact on affordable housing availability
• Improve permit and tax compliance to increase tax revenue
• Reduce tension between STR property owners and their neighbors
• Reduce noise, parking and trash-problems
• Eliminate party houses
• Reduce STR’s impact on neighborhood character
• Ensure building safety
• Improve responsiveness to neighbor complaints
• Ensure a level playing field between law-abiding traditional lodging providers and illegal STRs
• Send a clear message to constituents that their government takes the STR problems seriously

• Q&A
CALIFORNIA LOCAL GOVERNMENTS GENERALLY HAVE BROAD REGULATORY AUTHORITY TO ADDRESS SHORT-TERM RENTAL RELATED ISSUES…

• Zoning
• Licensing
• Nuisance Abatement Authority
• Building Code, Property Maintenance, Life Safety Codes
• State and Local Taxes
BUT COASTAL COMMUNITIES MAY HAVE TO GET COASTAL COMMISSION APPROVAL OF THEIR LOCAL STR REGULATIONS…

• The California Coastal Commission takes an interest in local short-term rental regulations when they are likely to affect access to the coast

• The California Coastal Commission has been somewhat inconsistent in its rulings on short term rental regulations:
  • In 2017 the CCC found that a total ban on vacation rentals in Laguna Beach violated the CCA in 2017.
  • In 2018 the CCC found Del Mar’s moratorium on new vacation rentals and strict limitations (minimum seven-day stays, for no more than twenty-eight days per year) to be strict and specifically rules that the 28-day limit was too restrictive and stated that the city should allow rentals for up to one hundred days per year.
  • In 2018 the CC approved a Santa Cruz ordinance capping the number of certain types of short-term rentals allowed within city limits.
  • In 2018 the CCC approved Pismo Beach’s ordinance that require STR operators to be “primary residents” as where the owner lives for more than 50% of the year (183 days or more per year)
FEDERAL LAWS ALSO PUT CERTAIN RESTRICTIONS ON WHAT AND HOW LOCAL GOVERNMENTS CAN REGULATE SHORT-TERM RENTALS

- Communications Decency Act
  - Express Preemption
  - Obstacle Preemption
- Stored Communications Act
- First Amendment
- Fourth Amendment
- Fourteenth Amendment

“Overall, the Department has found that working with the platforms is challenging at best. While the regulations originally passed were the result of negotiations between the City and the platforms, the platforms have gone to great lengths to avoid meeting their end of the bargain. Their actions may be legitimately characterized as deliberate data obfuscation, refusal to provide required data, and a total failure of cooperation with any enforcement mechanisms pursued by the City against platform users who violate the law.”

PUTTING IN PLACE FAIR AND SENSIBLE SHORT-TERM RENTAL REGULATIONS IS NOT ROCKET-SCIENCE

1. Get the data
2. Stay ahead of the issue
3. Focus on the issue and be solution oriented
4. Seek consensus and broker compromise
5. Ensure adequate enforcement
6. Measure post-ordinance results

...BUT WITHOUT PROACTIVE ENFORCEMENT, ONLY A FRACTION OF STRS WILL GET REGISTERED AND PAY THEIR FAIR SHARE OF TAXES

TYPICALLY LESS THAN 10% OF STR OWNERS VOLUNTARILY GET A PERMIT AND PAY ALL OF THEIR TAXES

Large potential for increasing permit fee and tax collection revenue
ORDINANCE COMPLIANCE HAS TRADITIONALLY BEEN LACKING IN MOST CITIES WITH STR RULES

**Permit Compliance Rate Examples:**

- Hallandale Beach, FL: 1%
- Virginia Beach, VA: 5%
- San Francisco, CA: 24%
- New York, NY: 25%
- Virginia Beach, VA: 5%
- New York, NY: 100%
BUT RECENT INNOVATIONS HAVE ALLOWED “SMART” CITIES TO ADDRESS THEIR COMPLIANCE PROBLEMS

- San Francisco, CA 24%
- Denver, CO 82%
- New York, NY 25%

Get Hosts to Voluntarily Comply/Register

1. Get the word out through the local press
2. Publish rules/registration steps on website
3. Clearly explain why the registration requirements exist so people realize that complying is in their best interest
4. Conduct a registration workshop to help less-tech savvy hosts comply
5. Include information about registration requirements on property tax bills
6. Eliminate multiple points of contact -> ideally everything should be on one application that is processed by one department
7. Allow permit applicants to register/submit applications and include supporting documentation online and on mobile
PUT PERMIT APPLICATIONS ONLINE (AND MAKE THE APPLICATION MOBILE FRIENDLY)
USE SOFTWARE TO IDENTIFY THE ADDRESSES OF ILLEGAL SHORT-TERM RENTALS

2. Include listing screenshots in letters
3. Include step-by-step directions on how to get into compliance
4. Reference the specific ordinances they are violating

MAKE SURE THE PUNISHMENT FITS THE CRIME

Make sure the fines are not easily absorbed as a cost of doing business.

Make fines as fair as possible for all potential violators.
• A fixed fine amount may be punitive for some and laughable for others.

West Hollywood fine structure allows violators to set their own fines.
• The greedier they are, the higher the fines are.
ELLIMINATE QUALITY OF LIFE ISSUES BY MAKING IT EASY TO INTERVENE IF THINGS BEGIN TO GO SIDEWAYS

1. Require hosts to notify their guests of the local noise, trash and parking ordinances

2. Requiring hosts to list a 24/7 contact so code enforcement staff have someone to contact in the event of suspected ordinance violations

3. Make it easy for neighbors to report issues and collect evidence of noise, parking and trash violations:
   • Set up a central 24/7 hotline for neighbors to report non-emergency short-term rental related problems to
   • Allow complainants to easily submit evidence of violations in the form of digital images, video, sound recordings etc.
USE SOPHISTICATED THIRD PARTY 24/7 STR HOTLINE SERVICES CAN DRAMATICALLY IMPROVE RESPONSIVNESS AND ACCOUNTABILITY

**Step 1**
Concerned neighbor calls 24/7 short-term rental hotline or reports incident online

**Step 2**
Complainant provides info on alleged violation and is asked to provide photo, video or other evidence

**Step 3**
If property is registered, Host Compliance immediately calls host to seek resolution

**Step 4**
Problem solved or escalated – Complaints saved in database so serial offenders be held accountable

MAKE IT EASY FOR HOSTS TO CALCULATE AND SELF-REPORT THE CORRECT AMOUNT OF TAXES

1. Send owners monthly/quarterly email reminders of their tax reporting and remittance obligations.
2. Make it clear to hosts that you are pro-actively working to identify people who under-report taxes and conduct audits where appropriate.
3. Issue steep fines and revoke permits from people who have been caught cheating on their taxes.
4. Deploy big-data technology to identify hosts that fail to report or appear to under-report taxes.
5. Collect taxes using online/mobile forms.
BEST PRACTICES FOR HOLDING SERIAL OFFENDERS ACCOUNTABLE

1. Go straight to citation - no need to first issue a warning to serial offenders
2. Include clear evidence of violation in citation letter to make it clear that fighting the charges is going to be a waste of time
3. Fine them for all code violations (not just STR related ones) i.e. unpermitted food preparation, pools, building additions etc.
4. Have offenders sign an affidavit that states that they are aware of the rules
