

Here is what our past grant winners are saying about Cities for Workforce Health

"We definitely recommend other Cities apply for the grant. Our WFH Consultant and the rest of the team provided encouragement, expertise and support to help us achieve our wellness programs goals."

- Daly City

"We are proud that we have implemented a variety of strategies to engage employees in various demographic and need populations. We have also leveraged other City initiatives to help support our Wellness efforts."

- Chula Vista

We are proud to be able to engage employees in a health and benefits fair that they loved. We are looking forward to continuing this every other year.

- American Canyon

I'm proud of the diverse programs that we were able to offer throughout the year. The employees really liked the programs that were offered and it gave us new ideas for the future.

- El Centro

We are most proud of partnering with the various agencies and wellness partners to share ideas/brainstorm wellness initiatives and best practices.

- Fremont
