

MEDICAL MARIJUANA REGULATION AND SAFETY ACT¹

What Cities Need to Know About the New Law and Cultivation

OVERVIEW

Here's what you need to know:

- **Local prohibition or regulation:** Cities may prohibit or regulate medical marijuana businesses within their jurisdictions. **Local authority remains intact under the new law.**
- **State license required:** All medical marijuana businesses – dispensary sales, delivery service, cultivation, transport or distribution – must have a State license².
- **State license not enough:** A medical marijuana business in any city may only operate if it has permission from the State and permission from the city (“dual licensing”).
- **Enforcement:** Revocation of local permission to operate means a medical marijuana business must terminate operation because the new law requires dual licensing. Upon approval of the State, a city may enforce State law.
- **State law penalties for unlicensed activity:** There are civil penalties and criminal penalties for operating without a State license.

CULTIVATION

Here's what you need to know:

If your city does **not** have a land use ordinance in place regulating or prohibiting the cultivation of marijuana, *either expressly or otherwise under the principles of permissive zoning*, or chooses not to administer a conditional permit program, then commencing **March 1, 2016**, the State Department of Food and Agriculture will be the sole licensing authority for medical marijuana cultivation applicants.

¹ AB 266 (Bonta, Cooley, Jones-Sawyer, Lack, Wood); AB 243 (Wood); and SB 643 (McGuire). Effective 1/1/2016.

² The Department of Consumer Affairs estimates it will begin issuing State licenses in January 2018. The Department of Food and Agriculture and the Department of Public Health also have licensing authority under the new law. Businesses operating in compliance with local ordinances will get priority in the State licensing application process.

October 27, 2015

CULTIVATION

Here's what you need to do:

Determine if your city fits within City #1 or City #2 as described below:

- **City #1:** Municipal Code that does not expressly prohibit nor expressly regulate cultivation of medical marijuana and is not a “permissive zoning” code. **Need to take action.**

ACTION REQUIRED: Adopt a land use ordinance regulating or prohibiting the cultivation of medical marijuana. The ordinance must be effective by February 28, 2016. The ordinance may be adopted as an “urgency ordinance,” or second reading must occur on or before January 29, 2016.

- **City #2:** Municipal Code that is a “permissive zoning” code and does not enumerate cultivation of medical marijuana as a permitted or conditional use. **Need to take action.**

ACTION REQUIRED: (1) Check and confirm that your city’s zoning code is adopted and implemented under the principles of permissive zoning. If not, take action recommended for City #1. (2) If confirmed, adopt a resolution that includes the following provisions:

- States that Health & Safety Code section 11362.777(b)(3) provides that the Department of Food and Agriculture may not issue a State license to cultivate medical marijuana within a city that prohibits cultivation under principles of permissive zoning;
- Re-affirms and confirms that the Zoning Code is adopted and operates under the principles of permissive zoning;
- States this means that cultivation of marijuana is not allowed within City #2 because it is not expressly permitted; and
- Therefore, the State is not allowed to issue a license for the cultivation of medical marijuana within City #2.

Be sure to consult with your city attorney before taking any of the actions recommended in this document.
