Staff: Derek Dolfie, Legislative Representative, and
Caroline Cirrincione, Legislative Policy Analyst

General Briefing:

In accordance with the customary practice of convening all policy committee members for a general briefing prior to the start of policy committee meetings, the League advocacy team compiled a [General Briefing Update Document](#), which includes the latest on federal and state legislative matters affecting cities within their respective policy areas.

I. Welcome and Introductions

League President John Dunbar, Mayor, Yountville, welcomed everyone to the policy committee and thanked them all for joining the webinar. President Dunbar recognized the extraordinary action city leaders have taken since the beginning of the pandemic to lower the risk of exposure and spread of COVID-19 in our communities. President Dunbar stated while local officials are serving their residents and business owners, the League is working with federal, state, and county government officials, as well as health care experts, to ensure resources and financial support for cities. He emphasized the importance of policy committees to the League's core mission of advocating for the common interests of cities. President Dunbar closed by thanking policy committee members for all of the extra effort they put in on behalf of all California cities.

President Dunbar introduced Carolyn Coleman, League Executive Director. Ms. Coleman thanked everyone for their continued leadership through the COVID-19 pandemic and for making time to participate in policy committee meetings through the new web-based platform. She explained the League would not be as effective if it were not for the collective efforts of policy committee members. Ms. Coleman concluded by emphasizing the League will continue its core mission of being an advocate for cities through this unprecedented time.

Vice Chair Heidi Messner, Council Member, Eureka, welcomed committee members and provided an introduction.

II. Public Comment

Vice Chair Messner asked if there was any public comment. There was no public comment.

III. COVID-19 Update

League staff provided a COVID-19 update, which highlighted resources such as the League's COVID-19 dedicated [webpage](#), [email](#), and [webinar series](#). League staff also gave an overview of the potential impacts that COVID-19 may have on key state legislative and budget deadlines. Notably, COVID-19 response and recovery, along with issues such as housing, homelessness, and wildfires will likely continue to be legislative priorities for this session, while other legislative priorities may be delayed until next session. Additionally, League staff summarized the three federal relief and stimulus bills, highlighting the recently passed Coronavirus Aid, Relief, and Economic Security

(CARES) Act. The CARES Act is a historic \$2 trillion emergency package intended to stave off economic collapse in the wake of COVID-19. Lastly, League staff mentioned the possibility of a fourth federal stimulus package. The League continues to work closely with its federal lobbying team and the National League of Cities on the fourth package.

IV. Legislative Update

Chair Messner introduced Derek Dolfie, Legislative Representative, to provide a legislative update on bills of interest to the Community Services Policy Committee. Mr. Dolfie reminded the committee that due to the impacts that COVID-19 has had on legislative deadlines and the state budget, it is unclear what bills will move forward this session, and legislative priorities may have to be reassessed. The Community Services Policy Committee had a robust conversation on [AB 1936](#), which would expand the current prohibition on public emergency price gouging to include utility initiated power shutoffs. This measure was received favorably by the committee. The committee also discussed bills pertaining to child care and youth programs; disaster preparedness and community resiliency; and tobacco, vaping, and e-cigarettes.

Mr. Dolfie concluded the legislative update by reviewing the Community Service's 2020 work plan. He assured the committee that despite the disruptions that COVID-19 has had on the legislative process, the work plan will continue to play a critical role in the committee's work this year.

Next Meeting: Thursday, June 4, South San Francisco Conference Center, 255 S. Airport Blvd, South San Francisco*
