Essential Skills: Developing the City Attorney and City Manager Relationship

Join the Attorney Development and Succession Committee in an interactive MCLE webinar looking at the City Attorney-City Manager relationship.

Using real-life scenarios and instant polling technology, we will explore the different lenses through which city attorneys and city managers may look at city issues and how to foster good communications with the city manager. Scenarios to be discussed include:

- When the city attorney has an opinion not directly on a legal issue;
- How to handle confidences from council members and staff without undermining the city attorney's relationship with the city manager; and
- When the city attorney's advice is ignored, among others.

The one-hour presentation will be followed with time for questions, answers, and discussion.

The League of California Cities® is a State Bar of California minimum continuing legal education (MCLE) approved provider. The League certified that this webinar meets the standards for participatory MCLE credit for registered attendees in the amount of 1.5 hours.
